

## UTILITY STOCK TRUCKS

USED IN PRINT SHOPS, BINDERIES, NEWSPAPERS, MAILROOMS, SCHOOLS,  
PARTS DEPARTMENTS, STOCK ROOMS & MANY OTHER PLACES IN INDUSTRY

# ROSBACK

## Performance & Finishing Features

Designed for runs of hundreds and thousands... built for thousands of runs.

Rosback Utility Stock Trucks are heavy duty, quality built. Trucks are ideal for product movement or product storage.

All shelves have square corners to allow full utilization of shelf area. Model 126 has 26" x 26" shelf size to hold 19" x 25" paper or 6 stacks of 8-1/2" x 11" sheets. Model 139 with 26" x 39" shelves holds paper sizes to 25" x 38". Model 140 with 12" x 26" shelves holds 3 stacks of 8-1/2" x 11" sheets per shelf per side. Model 160 has shelf sizes for cut sheets or newspapers and holds approximately 2000 standard half fold 20 page papers or approximately 10000 8-page tabloids or 48000 11" x 17" 20 lbs. bond sheets.

Sturdy, rugged metal shelves lift up and lock out of the way (models 126 and 139 only) for easier loading, or when moving bulky loads. Shelves are tilted toward the back to help prevent spilling when loads are moved. Trucks are designed to handle additional shelves and a variety of shelf configurations to suit your loading requirements. Trucks are designed to handle up to 800 pounds.

Large 5" heavy duty, ball bearing casters move easily over rough surfaces.

Rosback utility stock trucks are shipped in kit form to reduce shipping costs. Pre fabricated sections can be easily assembled with just a wrench and screwdriver

Model 126  
Standard 2-shelf  
(Shown with 4 shelves)

Model 139  
Standard 2-shelf  
(Shown with 4 shelves)
