- Use With a Wide Range of Machines
- Ideal for Finishing Multiple Up Layouts

Use with the **TrueScore-Pro** Heads to Create a Perfect High Speed Scoring System to Eliminate Cracking

IDEAL FOR DIGITALLY
PRINTED STOCK

Performance & Finishing Features

Designed for runs of hundreds and thousands... built for thousands of runs.

The 248 Series Perforator/Scorer/Slitters eliminate the time and extra handling in jobs requiring multiple passes. Easily turn large multiple up layouts into finished sheets. Edge trim, gutter slit, strike perforate, micro perforate, and score, in virtually any combination and layout imaginable.

Heavy duty construction makes the 248 Series ideal for the most demanding production

Feed into the Model 248 from any Rosback perforating unit to finish right angle jobs perfectly and profitably. Upgrade to a 249 tandem (2) shaft unit for twice as many perforating or scoring heads, and virtually unlimited perforating, scoring, and slitting patterns.

These 30 inch units also roll up and accept work from folders, collators, numbering machines, perforators, and other equipment.. Rolls away for easy storage when not in use.
